Dear Delegates,

Bioinformatics the collection, classification, storage, and analysis of biochemical and biological information using computers especially as applied in molecular genetics, genomics and proteomics. Computers are used to gather, store, analyze and integrate biological and genetic information which can then be applied to gene-based drug discovery and development. The need for Bioinformatics capabilities has been precipitated by the explosion of publicly available genomic information resulting from the Human Genome Project. The science of Bioinformatics, which is the melding of molecular biology with computer science, is essential to the use of genomic information in understanding human diseases and in the identification of new molecular targets for drug discovery.

The symposium aims to bring together eminent guest speakers from various parts of country to share their knowledge and experience regarding Bioinformatics and its current and potential application in relation to Medical field.

One of the major objectives of this symposium is also to make Medical undergraduate, post-graduate, basic science students and faculties conversant with basic aspects and recent advances in Bioinformatics. We strongly hope that this symposium will also serve to stimulate them to apply concepts of Bioinformatics in designing of their future research projects.

#### Raipur

Founded by the Kachhuri King Ram Chandra of Raipur in the last quarter of the 14<sup>th</sup> century AD, Raipur is now the capital of Chhattisgarh. It is the biggest city of the Region and a fast developing important industrial centre. There are different places to visit in Raipur. In the holy genre, a couple of famous names are Jagamath Temple, Vallabhacharya Temple, Mandeval Temple Arang and ISKCON Temple. For a dose of serenity, head to Vivekanand Sarovar, Uija Park and Nandanvan Garden. Other spots such as Shadani Dabbar, Rajeev Smriti Van, Nagar Ghadi, and Gandhi Udyaan also make for fine Raipur places to visit.

We have applied for credit hours from  
"Chhattisgarh Medical Council"

#### Eminent guest speakers:

- Prof. Alok Bhattacharya, JNU, New Delhi
- Dr. Harpreet Singh, ICMR, New Delhi
- Dr. Pradeep Kumar, VBSPU, Jaunpur, U.P.
- Dr. Chandak

#### SUBMISSION OF ABSTRACT FOR PAPER & POSTER PRESENTATION

The abstract of 200 words in soft copy typed in window's MS-Word, Times New Roman, Font size 12 with 1.5 spacing should be sent to [ambicon.cg2016@gmail.com](mailto:ambicon.cg2016@gmail.com) contact no. 9039502007.

The title should be in capital letters followed by the authors name, affiliation/ institute address, pin code e-mail ID and contact number. Selected abstracts for poster and paper presentation will be notified to respective candidates in due time.

**Freepaper:** 7 min for presentation 3 min for discussion.  
Poster: 4' X 3'.

#### UG-Quiz:

A team of two students (1<sup>st</sup> year MBBS, to be selected and recommended by HOD, Department of Biochemistry, of the respective colleges.) is invited for state level UG-Quiz. Applications with attached format along with letter of recommendation from HOD, department of Biochemistry, should reach before 20<sup>th</sup> of January 2016 at [ambicon.cg2016@gmail.com](mailto:ambicon.cg2016@gmail.com). No T.A./D.A./ accommodation to be provided. Prize will be awarded to First and runner up teams.

**Symposium is to be followed by 7 Days  
Workshop on Genome to Drug: *in-silico*  
Analysis at Bioinformatics centre,  
Department of Biochemistry.**
