

ADR Monitoring Center (AMC)

Under Pharmacovigilance Programme of India (PvPI) an Adverse Drug Reaction (ADR) monitoring Center is functional since 2015 at Dept.of Pharmacology, Pt.JNM Medical College,Raipur C.G.

The PvPI is an Indian Gov.organization which mission is to safeguard the health of the Indian Population by ensuring that the benefit of use of medicine outweighs the risk associated with its use.

Our main Aim is to collect the ADRs, from patients/Heathcare Professionals and send it to National coordination center (NCC), PvPI, Indian Pharmacopoeia commission (IPC). The Purpose of PvPI is to collate data, analyse it and use the inferences to recomonded informed regulatory interventions.

AMC Co-ordinator: Dr. Usha Joshi (Prof. & HOD)

AMC Pharmacovigilance Assoceate: Mrs. Preeti Singh
